Values

1. valuations of historians - not in 3rd person spec

2. valuations of actors

seen through value approach of historian
even if 1 not expressed, see them all
the more explicitly (Rankin)

3. just the factual process

what was can be referred about
what was going forward

it is in principle distinct Meincke

history of this type → historical education -

what was going forward, see words, = context

THE LACK OF INTEGRITY

The lack of integrity is a serious defect in a leader's character. It is a failure to stand by one's word and principles. It is a failure to be honest and to do the right thing. It is a failure to be true to oneself and to others.
