

Concepts of History
Further Dimensions of History

Autonomy vs Administrative

Royal Society - 99% solved by reason
experiment

vs Hegel a priori

Ranke & die Historische Schule

There exist a set of procedures proper to
historical investigation - essence in

an epistemological continuity
open to a renewal

Autonomy deceit with modern isolate
total independence

Physics | 250 yrs uninterrupted deliberation
open begin - to be repeated

to say what is doing - against theory
why it works - epistemology
what is known - metaphysics

① C Becker - What are History Facts?

3+15
4 implicit

particularity of experienced
processes of understanding & described
narrative
revelation of process as first unconditioned
& so truly objective

known event - in the past
historically present - "the present"
unknown event - "dead fact"

② Kind - understanding the possibility of judgment

19 for understanding - what, why, how, what purpose
19 too repetition - is that so Yes or No

possible unity or relationship
in most cases

Quasius | Schiller's teacher
Ranke
Droysen

Heidi Vorhies
super-scientific
understanding

Dilthey - hermeneutics vs Wissenschaft

Geertz - Reconstruction
2. ethnography
story telling + 1. data plane
3. understanding Triplet

3) Backus | Deming | I'll see the facts
 let them speak for themselves

Heidi already strong
Goode first in language
Wallerstein | Johnson & Post
Manson | Lang & Lois
Hyggovand | Research - making data available
 multiple interpretations

4) Nilsen | containing
Schleiermacher | was a fan / toward
Baeoth
Ranke
Arce, sen
Dilthey

vs
~~Naturalism~~
~~History~~

Arce sen - insufficient group - per Heidegger

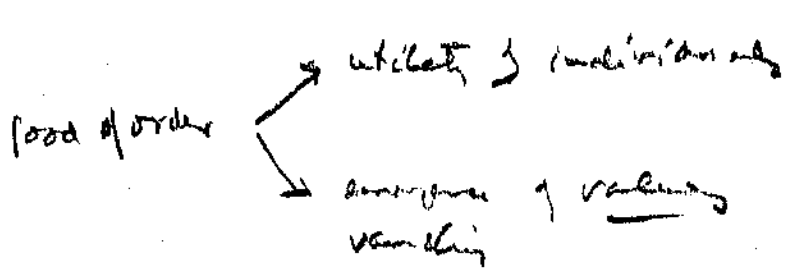

even Heidegger insufficient
Euclid - Math seen differently
Nat Sc → system
Common sense
Philosophy

⑥ First Main Idea - Causality, Values

from where
good for value
order - appear

historical particulars becoming new values
family
ecum
people
institution
state
civilization

individuality what becomes from policy decision
state
fate
circumstances

worth investigating
for his own sake

- hist. context was done separately

etc

7

with (b) history reductionist

but saying we take it as

very possibly discerning false value-judgements

(b)

value judgements involved

can be true if real negotiation between
word and action

but beyond any teleology of future truth

historians will differ → dialectic

8

Wirkungsgeschichte

History - speaks as your development

on subjectivity of culture but (Hegel)

Der Fragenden wird das Gefragte

Dialectic

Rothfels

Gadamer

9

Horizon

Georg Wilhelm Hegel, Hermann

10

Georg Hegel, Science
