Rev. Fr. Bernard Lonergan
Regis College
Willowdale, Ont.

Dear Father Lonergan,

I thank you most sincerely for your letter of January 2nd.

In the meantime many very interesting opinions have reached me from your colleagues. You will receive a copy of these very soon.

Since the dialogue has now developed so far, I should like you to draw up a more detailed account of your view on the question. In doing so you may find it useful to refer to the opinions of your colleagues. Might I hope to have your report by Eastern, March 26.

I am well aware how much additional work I am imposing on you. Nevertheless I ask you for this help, which is indispensable to the direction of our Society. It will be a contribution also to the magisterial and pastoral office of the Church.

I do hope that you are now in better health. If your health however does not allow you to do this work for me, I shall fully understand and I ask you not to tax yourself in any way to do it.

With every good wish and my blessing.

Yours devotedly in Christ,

Peter Arrupe S.J.
