Dear Father Ronergan -

thank you very much for your letter and also for your readiness to collaborate in the project of the volume 'Problemi e Prospettive di Teologia dogmatica'. I will write to the Editor to send you also the official sheet of engagement. As I wrote in my last letter we are very glad to see you among the collaborators of this book dealing with a topic in what you are known as specialist. Even if there will be only a restrained place to introduce into the problem of unity and plurality in dogmatic theology it will be a very help to those - students and interested people - who want a basic information. If there are questions or so I will give all answers needed as soon as possible. Thank you very much

sincerely Your's in Christ
