d virtual particularity 9 → 21 works

## immediate operations

- ① unself
- self
- center
- group
- grouping groups

working of immediate field  
sensate present accounts

→ ②

with presence / particularity

→ ③  
 of working  
 of subject  
 density  
 of personal relations

## mediated operations

- ④ spatio-temporal imagination
- language
- counting

→

mediated or enlarged field  
non-technically organized

→ ⑥  
 in enlarged field  
 subject

communication as process  
learning, imitation, etc

in fully present relations

## operations on the mediators

- ⑦ study of language
- reading
- writing
- " of words
- " of logic

→ ⑧

mediated communication

↓ books

(enlarged field)

↓ technical organization of enlarged field

material sense  
human  
ontology

⑨  
 → subject  
 A specific impact  
 critical, method  
 essential decision  
 historical destiny

B technically mediated

human science

the field in which man constitutes himself  
by creative thought or free choice

there is a natural (transcendental) a priori  
natural (material) limitation

herology

the field in which man communicates to God  
relates himself, he creates, & he works to ultimate

Church

1 is catholic non-technical terms by Lawrence Feb 3<sup>28</sup>

+ mediates catholicism  
non-technically - communication with intrinsic philosophy directly, no operations

immediate communication

prayer, preaching, catechism, symbols, liturgy, church discipline

mediated communication

OT NT Other literature  
K commentaries, prayer

heretics  
schismatics  
abundant

2 is catholic  
+ mediates catholicism non-technically by immediate communication

+ mediates it technically

speciosos duo pueris etc

DOGMA  
MYSTERY

idem verum, eodem sensu, explicito

ie. Transcendental categories related by truths contained in the

solution of a problem - how is Jesus in his reality to be conceived by any catholic at any time

not how did Mark Paul John use the name, Filius Dei

d a mediation of a whole is part of the whole | as a part part of a whole

f dogmas integrated into preaching, catechism, symbols, liturgy, church discipline

y dogmas integrated into technical thought → Byzantine dichotomism  
pueris | inuitotatos  
duo | duo

3 in catholic

medietas catholica non-technical, by immediati communicatione

medietas catholica technical, by DOGMATIS

Dogmas integrate into | non-technical mediation  
| field of technical thought

Scholasticism theology dogmas as part of a scientific discipline  
distinct from philosophy, other sciences (physics)

IN SE

the scientific discipline ① | anal | anal | univ | cert | empiric  
| sys | comp | doct | part | scient logic

② decanat scholasticum | system or misinterpretation  
| demand of system - logical coherence

③ the old rhetoric | theses, notae, partes as theses, solventia doctrinae  
| ex doctrina ecclesiae  
| ex opinionibus scholarum

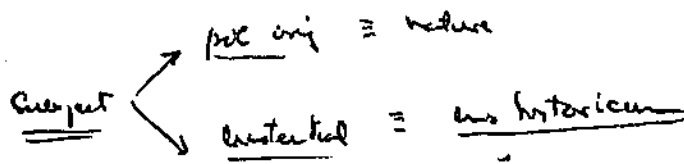

④ the new rhetoric | enunciatio non adversarii sed doctrinae  
| doctrinae non particularis sed normativa  
| adversarii non repugnantis errori  
| sed ex accidenti progressivis  
heliographis, utitur in suis paginis

vestis historica

pendens

- ① the general mediation of catholicism - [SEMINARIES]
- ② the basis of the apologetic mediation of catholicism - [CONTROVERSIES]
- ③ the specific criterion in | preaching  
| catechetical  
| diffusion of Korean culture
- ④ the operative criterion [with more or less extrinsic aids]  
in determining 99 % Catholic teaching on CURRENT ISSUES

JUDGEMENT

[not waiting a  
 description]

critical

authentic

inauthentic

rationalization

dehumanization

20th century pole

freedom

rational self-consciousness

but will planning without freedom or choice & not will or further faculties

repeated understanding → judgment problem → choice

broken empirical intellectual rational

consciousness

involve abstraction, specialisation  
an provisional professional incomplete person, by themselves

superior & superior rational self-consciousness

limited freedom : non-form - moral importance - justice questions

condescension

as autonomy  
as radical act  
as ever to be renewed  
as working 'issue' out into every aspect of life

Existence

vs ambiguity | not morality

personal relations

to God  
to neighbour

history

as education

what man has been  
what man can do, cannot do  
has it is to be done

as destiny

as responsibility | the historian

creates on a tradition  
destroys a tradition  
ambiguity = quality

Sartre, Heidegger, Pascal  
destiny  
destin  
Dennett, Eschick
