4 Contemporary problems

1 on the level of non-technical communication

the enlargement of the field of immediate communication radio  
television

mediated communication universal education  
books 19,000 England  
12,000 USA

the relative shrinking of impact of traditional channels

MOST are spent & write on those readers could, should learn  
what is not learned properly by most people in 6 years?

IS there to be a Verkünderungsphilosophie or Scriptura & Phonemologie

H. Mühlen Der heilige Geist als Person München Aschmütz 1963

IS there to be a Verkünderungsphilosophie Teilhard de Chardin

Contemporary Problems

y

The fate of scholasticism

① the ambiguity - science  
academia  
old culture  
new values

② the opinion  
scholasticism is outdated - only Verknüpfungstheorie

↳ scholasticism is to proven, corrected -  
as what I learned when I was a musician

- ① Spanish school XVI XVII
- ② mechanical physics

↳ historico-critical studies  
eliminate what people  
think

y scholasticism is to be developed

## Contemporary Problems

§ on the level of the relations between | Dogma  
| Scholasticism  
| Church Teaching - Encyclicals

dogma, scientific evidence proper to the divine revelation  
idem v. c. 1792, 1800, 2314  
idem c. v. c.

Scholasticism | a scientific or rhetorical integration of Dogma to the  
| total field of human thought

## Magisterium

study of the decisions of the Magisterium

what is it? | juridical  
| canonical

# De Animalis Rationali

mediatio sui ipsius per cognitionem et identitatem

sui mundi

secundum operationem

Philosophia : <sup>secundum vitam</sup> ipsa ~~est~~ <sup>mediat</sup> per philosophiam

Intitiale

Dei + <sup>+</sup> Philosophia sed transformationi

qua transformandi - Dei + Philosophia ;  
qua transformandi - Philosophia

quod intadio

~~quod minime componitur~~ <sup>Philosophia</sup> ~~Philosophia~~
