

This file ("Various Papers") was found among
miscell. items in the tall cabinet (bottom shelf).

- It ~~was~~^{may} have come from B.C. in Nov 1983.
- It seems to have been transferred (when? why? etc)
to fireproof advice
- Ivo Coelho noticed its relevance to the Georgetown U.
lectures of 1964.

Now stored just after bound copy of CO thesis
(i.e. midway in bottom drawer, fireproof cab.)

This file was found among miscellaneous material in a
box (now on the bottom shelf of the tall cabinet).

Apparently it belongs to BL's own notes. He seems to
have used the file folder no 134 ("Summary: Communica-
tions") from his Filing Cabinet - Drawer 2; see his
list in SECRETA VARIA. ("List of Papers in BL's Possession")
